

Dear People of America,

Thank you for your continued financial support of our activities. The petro-dollars that you send to the Middle East each year give us the resources we need to buy bombs and guns to kill your soldiers and any civilians who get in our way.

We could not do what we do without your support. So please buy more automobiles and drive them anywhere you want to go, whenever you want to go. Trash your bicycle. Never walk or take the bus anywhere. Tell your politicians that mass transit is a waste of money. Abandon any thought of energy conservation!

Remember: Every time you buy gasoline or diesel, you send me some money. So buy more gasoline today! With your support, we can continue to kill and destroy. I promise you we will do this.

Sincerely,

Osama Bin Laden
