

# **Kitchen Permaculture Workshop**

## ***Resource CD Documents and Readings***

The readings in the workshop are “front-loaded”. That is, there is more reading in the early weeks than in the later weeks, because as the weeks progress, students will be occupied with working on their designs. Documents are numbered to facilitate in-workshop references.

### **Week 0: Before the workshop begins**

- ★ 00000 Usual disclaimers and notices
- ★ 00001 Read this first
- ★ 00101 Document numbering system.
- ★ 00201 What is your foodshed?
- ★ 00301 How to complete the food system inventory and why it is important.
- ★ 00401 How to make a base map, needs and benefits analysis, sector diagrams
- ★ 00501 Household food systems inventory
